Family Business Australia – NSW Chapter - Announces Membership with NSW Business Chamber

Family Business Australia NSW (FBA/NSW) has combined with the NSW Business Chamber (NSWBC) creating a stronger voice with government, as well as providing additional advice and support services for the members of FBA/NSW.

“There has never been a better time to be a member of Family Business Australia. The Association’s membership with the NSW Business Chamber will provide more services and value to members allowing them to get on with the job of running their business,” said **Wendy Foster, State Manager of FBA/NSW**

“Our members will continue to receive the support benefits of their specialised Association. Now they will also receive additional benefits from the NSW Business Chamber; with access to a broad range of services through the FBA/NSW executive.

The additional benefits that will be available through the membership include:

- Website Health Check. The website health check is a tailored high-level report that provides prioritised, recommended actions to help you create a healthier website that meets your customers’ online needs.
- WHS Essentials is an online resource designed to make the creation of Work Health & Safety documents easier for your business. WHS Essentials provides you with a comprehensive library of WHS information, policies, templates and procedures.
- Wide selection of educational and networking events, both within the wider Sydney area and regional districts.

Stephen Cartwright, CEO of the NSW Business Chamber, said members of FBA/NSW face challenges with the national workplace relations system, the national harmonisation of Work Health and Safety regulations, and the everyday pressures of finding skills, dealing with red tape, inadequate infrastructure, and low growth rates. NSW Business Chamber has the resources to help FBA/NSW member businesses.

FBA members who would like to know more about the Chamber should, in the first instance, contact **Wendy Foster** on wfoster@fambiz.org.au or **0418 901 521**
